LOAN SPOTLIGHT

Summary: Borrower sought cash out and a low monthly mortgage payment on a commercial investment property purchased all-cash less than 18 months ago. Subject was two-thirds vacant at the time of acquisition and the remaining tenant was paying below market rent with one year remaining on their lease. Borrower spent \$100K post acquisition on tenant improvements and leased up the 2 vacant spaces. The biggest challenge was that subject had less than 12 months of stable income and occupancy at the time of loan submission. Nonetheless, we were able to successfully arrange a 5-year fixed loan to assist the borrower in obtaining the needed cash out proceeds for future investment. We were able to fund the loan in less than 50 days from loan submission.
